

Solid waste management: Learn how we can handle our waste responsibly in Lebanon

TOGETHER, WE CAN KEEP OUR COMMUNITY CLEAN AND SUSTAINABLE

1. HOW IS WASTE GENERATED?

2. WASTE COLLECTION

From every corner
of our community...
**each bin and effort
counts.**

3. PROCESSING AND TREATING OUR WASTE

Sorting:
Separating waste
for better handling.

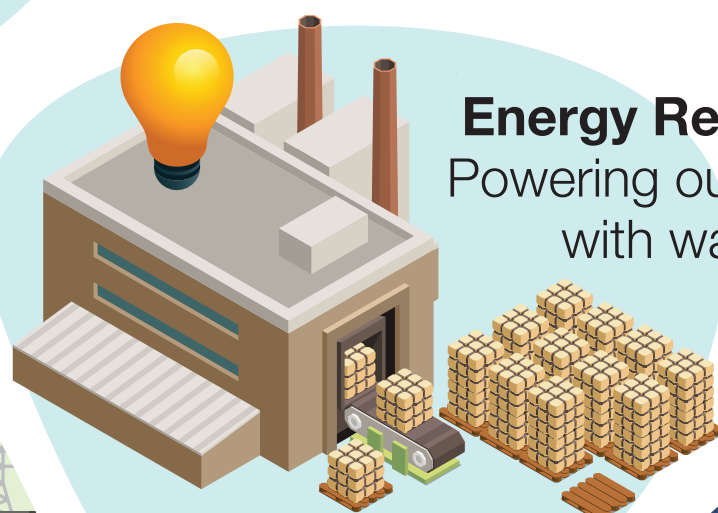

Recycling:
Giving new life
to old materials.

Composting:
Turning food waste
into garden gold.

4. SAFE DISPOSAL

For waste that cannot be
recovered, recycled or treated.

Energy Recovery:
Powering our homes
with waste.

5. OVERSIGHT AND CONTROL

Take action, learn and lead.
Spread the word about responsible waste management.
