

An urgent need for cost recovery in management of Lebanon's waste

TOGETHER, WE KEEP OUR COMMUNITY CLEAN AND SUSTAINABLE

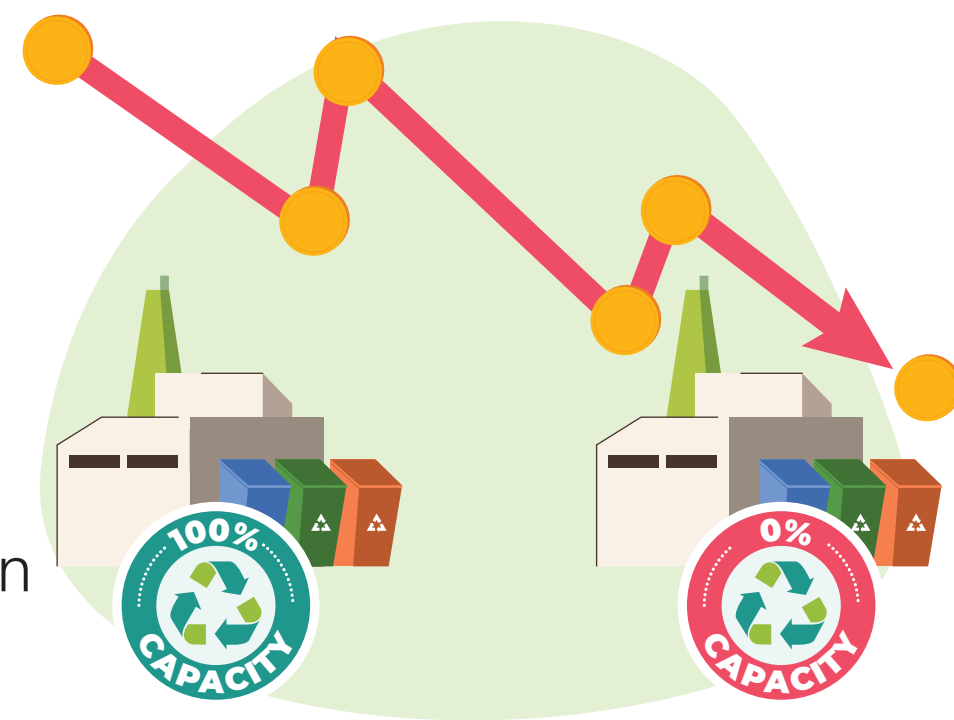

2015 GARBAGE CRISIS:

Closure of main landfills led to overflowing waste.

2019 ECONOMIC CRISIS:

Economic downturn severely reduced municipal funds.

WHAT DOES THIS MEAN FOR OUR MUNICIPALITY, YOU, AND YOUR FAMILY?

Pollution:
Illegal dumping and burning harms our environment.

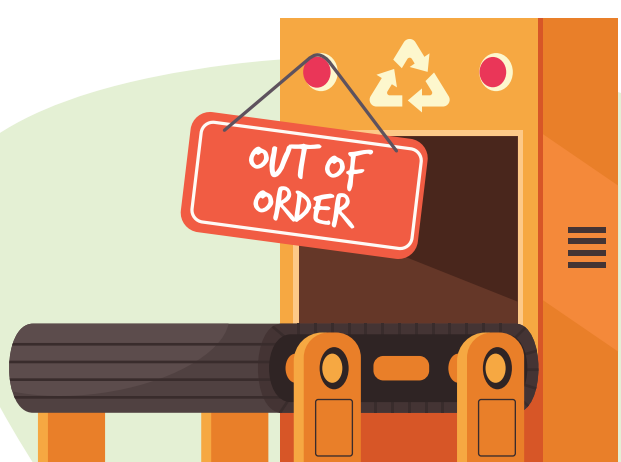

Financial Strain:
Municipalities struggle to fund operations.

Health Risks:
Poor waste management leads to disease.

Infrastructure:
Outdated facilities fail to manage waste properly.

COST RECOVERY FUNDS WASTE SERVICES THROUGH USER FEES

Without it, waste management remains underfunded and ineffective

A LACK OF COST RECOVERY AFFECTS US ALL

Go from creating waste to managing it.
Get involved today and talk to your local authority.
